Work the Way You've Always Wanted

For a business to thrive, everything should run smoothly. That's why we've developed innovative technology to help optimize your organization's operations.

In fact, we've enhanced the usability of these devices, increased their productivity, and ensured compatibility with high-level solutions—and this is just the beginning.

We Simplify the Complex

Every employee should be able to scan, copy, and print quickly and intuitively, even in advanced formats. These multifunction printers ensure that everyone can make the most of their features.

They combine a touchscreen control panel with an advanced document feeder and finishing options such as the hybrid finisher and internal folding unit. Managing workflows has never been easier.

Tap, Swipe, and Enhance Your Workflow

Our multifunction printers feature a 10.1" Smart Operation Panel that works like a tablet, saving you time and effort. Now you can perform common tasks like copying and scanning with a single touch.

You can also customize the home screen with your most-used functions and create shortcuts to other features. Even browsing the internet is possible using the touchscreen.

On-screen messages and previews guide users through layout settings and advanced finishing options for a seamless experience.

More Apps, More Functionality

Customize and expand your multifunction printer's capabilities with Ricoh applications.

Our Application Site offers a wide range of apps designed to optimize workflows, share documents, view the print queue, check printer status, and display paper tray information. You can download and install them directly from the Smart Operation Panel.

Make the Most of Your Mobile Devices

Save time and effort by sending documents directly to your multifunction printer from your smartphone or tablet.

Your smart devices now allow you to print, scan, store documents, and send files via email. Everyone can efficiently and securely perform advanced tasks.

Better Usability for Greater Productivity

High Productivity, Easy Management

A dynamic business environment requires robust and reliable support. With print volumes ranging from 15,000 to 50,000 copies per month, there is a model to fit every need.

The Intel processor and high-capacity trays ensure fast task processing, while the quiet startup minimizes workplace distractions.

Choose Your Speed

For everyday office tasks, consider models with speeds of 25, 30, or 35 ppm. If you need faster printing for more demanding workflows, opt for models with 40, 50, or 60 ppm.

No matter your choice, you'll get a high-quality, versatile, and reliable black-and-white MFP that perfectly fits the needs of any department.
